**ARPA reporting-**

Cushing- The government has not accepted the form that was submitted. Lenoir and I seem to be missing something, possibly the total award amount that the town received.

Hopefully we will have that completed by the end of the week.

Struble- I will talk with the Planning Board tomorrow night to keep them informed before the Selectboard does the swearing in.

Kent- All erosion precautions have been taken care of.

Struble- We should have a policy put into place for the intent to cut, to make sure the Conservation Commission is informed and for them to give their recommendations.

Cushing- I don't believe we have a legal right to reject an intent, but the Selectmen's Assistant can notify the Conservation Commission.
