Town Hall maintenance-

Cushing- The uv light and disinfection system are not working in our water system, I will get that fixed. I will also do an oil change for the generator.

Website-

Struble- I received an email from Rebecca Colburn today for login information for the town website. They need login credentials for administrative access and for the registrar of the domain. I will email Allen Treadwell for that information.

Welfare- Payments complete for weekly rental assistance

Highway-

Mack Road project-

Cushing- I sent in pictures of completed work to Jessica Shults from DES. That should close out the project. I have not heard from our former engineer.

Old Marlow Road culvert permit update-

Cushing- We have approved the bill to pay for the culvert. Jon Buschbaum sent in the estimate for the job. I will work on getting a bid posted on the town website for a skilled operator and excavator. We will have to coordinate that with storm events.

Vessel Rock Road culvert permit status- no updates

Department of safety hazard mitigation- status of application for grant program

Applications are with FEMA to review

Fire Department- Dee Denehy and Steve Ackerman present

Dee- I attended a presentation about ambulance services in Swanzey. Rescue Incorporated has stepped in to honor Deluzios contract with no charge. They have decided they would be interested in serving this region. I believe that what Swanzey or Marlborough decides for service would dictate what we would go for. Prices will increase, they are based on the census. We have sixty days to make a decision.

Cheshire EMS costs discussed-

Cushing- We will wait for more information and a recommendation from the Fire Department before making a decision.

Treated water needed for fire truck

Steve Ackerman- Four or five tanks are needed in Gilsum.

MRSD- Memorium of Understanding

Struble- I received an email from Gary Kinyon on May 25th and he stated that we need a contract for it to be binding. I responded and asked if he could use the draft MOU and original to come up with the wording for a contract. He has not responded yet, so I will reach out for an update.

Zoning Board of Adjustments-

Bruce Murphy- All right to know information has been supplied. Gary Kinyon sent an email requesting additional documents and I sent everything to him today.

Struble motions to adjourn

Louder 2nds
