

**Town of Gilsum**  
**PLANNING BOARD SITE VISIT**  
**MINUTES**  
**May 28, 2024**

**Board Present:** Vicki Ayers, Chair; Heidi Bukoski, Member; Tom Julius, Member; and Carol Ogilvie, Alternate Member

**Also Present:** Albert St. Pierre (St. Pierre Sand and Gravel); Michael Klein (former Planning Board Chair); and Fil Santos (Property Owner)

**CTO:** Chair Ayers called the meeting to order at 8:04 P.M.

The purpose of this meeting was to view the site of a previous excavation operation and discuss the plans for the reclamation of the site. Mr. St. Pierre’s company had conducted the excavation operations, and they would also be doing the reclamation work. He explained – and showed photos, of the site when it had been reclaimed; but it was subsequently logged and therefore the reclamation work was completely disturbed. He expects that the work will be complete before Labor Day, as the site is not large, and when it is finished, he will call Vicki. Vicki stated that she would then go to the site and take photos for the file.

There was brief discussion about the history of the site and the operation, with the Board having a few questions that Mr. St. Pierre was able to answer.

There being no further questions, the meeting adjourned at 8:30 A.M.

Respectfully Submitted by:

Carol Ogilvie
