Fire Pond on Hammond Hollow Road-

Christine Ackermann- We would like to establish the pond on our property as a fire pond for the town. It was dredged last summer. There is no water currently in it due to the original dam being broken. There had been a beaver dam that was removed by a town road agent and we believe the original dam was accidentally damaged in the process. We would like the town's support with repairing the dam in order to restore the pond to its useful condition and protect our community.

Louder- There are no funds allocated in this year's budget to repair this.

The road agent and I will review this and I will be in touch with you.
